and the surrounding areas*

St. Luke's Hospice (Basildon & District) Ltd
is a Registered Charity No. 289466

St. Luke's Hospice

St. Luke's Hospice provides the highest standards of care for people who have specialist palliative care needs and live in the Basildon & Thurrock districts. The majority of these have cancer.

Patients are cared for regardless of their age, background, personal or financial circumstances.

The Hospice opened for Day Care Patients in June 1990 and for In Patients in June 1991.

St. Luke's offers a comfortable, secure and friendly environment where professional attention and support can be given to our patients, their families and friends.

St. Luke's is a place

- ❖ where tears and smiles sit side by side
- ❖ where the staff have time for you, where nothing is too much trouble, where you are important and the focus of activity
- ❖ that accepts death as a reality but where the focus is on the *quality* of life remaining - living life to the full
- ❖ where the emphasis is not on adding days to life but life to days
